Booth No. ST2

TRAIN THROUGH EXPERIENCE

Don't just learn fire safety. Experience it.

Real emergencies demand more than theory. FireSafeX turns the training journey into an interactive, measurable experience.

01

UNDERSTAND

Build hazard awareness with interactive fire-safety learning.

02

INTERACT

Use the multilingual app and ask the AI safety assistant.

03

EXPERIENCE

Practise decisions in immersive emergency scenarios.

04

ASSESS

Measure understanding with smart, structured assessments.

05

TRACK

Maintain completion status and organised digital records.

**REAL EQUIPMENT.
SMARTER LEARNING.**

POWERED BY IMMERSIVEX INNOVATION

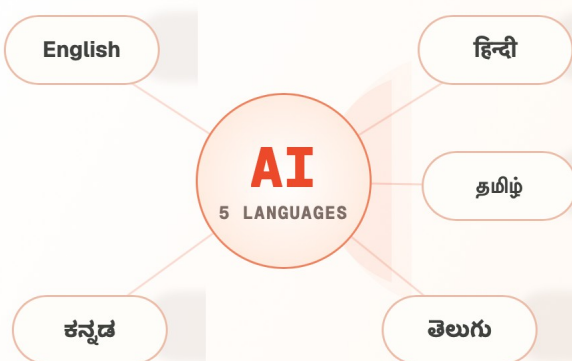

Where learning meets real-world experience.

FireSafeX is developed using the immersive technology innovation of **ImmersiveX**, a subsidiary of **MakoITLab**.

INTELLIGENT · MULTILINGUAL · PORTABLE

An app and AI that speak your team's language.

Employees can navigate the FireSafeX app and interact with the AI assistant in the language they are most comfortable using.

MULTILINGUAL APP + AI

Safety knowledge without language barriers.

English, Hindi, Tamil, Telugu and Kannada are supported across both the application interface and AI assistant.

APP INTERFACE + AI ASSISTANT → 5 LANGUAGES

PORTABLE

Move training between departments and sites.

BLUETOOTH ENABLED

Convenient connected training technology.

UP TO 2 WEEKS

Extended use on a single charge.

Why organisations choose FireSafeX		
TRADITIONAL TRAINING		FIRESAFEX
Classroom-only learning	→	Immersive, interactive learning
Language-limited delivery	→	Multilingual app + AI access
Periodic fixed sessions	→	Portable, on-demand training
Manual evaluation	→	Smart digital assessments
Scattered paperwork	→	Structured digital records

BUILT FOR MODERN WORKPLACES

Manufacturing	Warehousing	Healthcare	Hospitality
Education	Infrastructure	Commercial facilities	EHS / HSE teams

ONE SMART PLATFORM

From training to readiness.

One connected ecosystem for immersive learning, intelligent support and measurable fire-safety preparedness.

01 IMMERSIVE LEARNING Realistic practice that improves recall.	02 AI ASSISTANCE Guidance throughout every training session.	03 MULTILINGUAL APP + AI The app interface and AI assistant support five languages.
04 SMART ASSESSMENTS Measure understanding after training.	05 TRAINING TRACKING Monitor participation and completion.	06 DIGITAL RECORDS Keep structured, audit-ready records.

ORGANISATION-WIDE SETUP

Typically up and running within one working day.

1 WORKING DAY

01 DEPLOY Position the FireSafeX equipment.	02 CONNECT Pair it with the mobile app.	03 CONFIGURE Add teams, languages and settings.	04 GO LIVE Begin employee training.
---	---	---	---

Support that continues after setup. Onboarding guidance, product support and feature updates through the FireSafeX mobile app.

EASY SETUP

GUIDED ONBOARDING

ONGOING SUPPORT

MOBILE APP UPDATES

SEE · EXPERIENCE · UNDERSTAND

Experience the future of fire safety training.

Visit us at **FIRE INDIA 2026, New Delhi** for a live demonstration of FireSafeX.

The Complete FireSafeX Solution

Hardware. Immersive Experience. Intelligent Software. All Connected.

Meta XR Headset

Immersive, realistic fire emergency scenarios.

- Real-world environments
- Interactive, scenario-based learning
- Comfortable and easy to use
- Supports multiple languages

Smart Fire Extinguisher Kit

Zero-pressure training cylinder with intelligent sensors.

- Zero-pressure training cylinder
- Pressure/trigger sensing
- Gesture & movement tracking
- Bluetooth connectivity
- Battery-powered (up to 2 weeks)
- Designed for training and simulation

Interactive Training Content

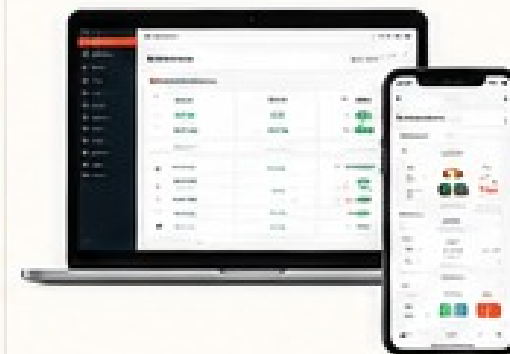

Industry-relevant, engaging and multilingual.

- Realistic 3D environments
- Multiple fire classes and scenarios
- Guided, step-by-step learning
- Available in multiple languages

FireSafeX Platform

Manage, assess and track competency across teams.

- User and team management
- Assessment and certification
- Competency tracking
- Audit-ready reports
- Multi-site deployment
- AI safety assistant (multilingual)

How It Works A simple, connected experience.

1 Set Up

Position the kit and launch the app.

2 Join & Learn

Wear the Meta headset and start the training.

3 Practise

Interact with real-life fire scenarios.

4 Assess & Certify

Complete assessments and earn certification.

5 Track & Improve

Monitor progress and plan refresher training.

A Continuous Journey to Fire Safety Competency.

FireSafeX goes beyond one-time training. It helps organisations build, measure and maintain real fire-response readiness.

1 LEARN

Understand fire risks, equipment and response procedures.

2 PRACTISE

Experience realistic scenarios with smart physical equipment.

3 ASSESS

Measure knowledge and practical performance.

4 CERTIFY

Validate competency with digital certification.

5 TRACK

Maintain records and monitor readiness.

6 IMPROVE

Identify gaps and provide targeted refresher training.

AI Safety Assistant in Your Language

Get real-time guidance, answer questions and learn in the language your team is most comfortable with.

“

Practical. Engaging. Effective.

Our teams felt more confident after the FireSafeX demo.”

— Industrial Safety Leader (Oil Puducherry Event)

Why Organisations Choose FireSafeX

From compliance to a culture of safety.

Traditional Training	FireSafeX
Classroom / theoretical learning	→ Immersive, hands-on experience
Limited practical exposure	→ Practice with smart physical equipment
Language barriers	→ Multilingual app + AI assistant
One-time training	→ On-demand, repeatable training
Manual evaluation	→ Smart assessments with measurable results
Scattered paperwork	→ Structured digital records
Attendance tracking	→ Employee-level competency tracking
Basic compliance	→ Audit-ready reports and continuous improvement

Built for Real-World Industries

Deployed across high-risk and high-responsibility environments.

Let's Build Safer Workplaces Together.

Talk to us for a live demo, pilot or partnership opportunity.
